

PROTECTIVE BEHAVIOURS Parent Workshop

“Excellent session on such an important subject, so useful.”

“I urge every parent to do the Protective Behaviours workshop. Teach your kids how to protect themselves when you’re not there.”

We invite you to participate in this two hour workshop designed for parents to learn this **internationally acclaimed personal safety program** and come away with invaluable personal safety skills and strategies that can help you to empower your child and help keep them safe from abuse. Recommended for parents and carers of children aged 0 – 13 years of age.

You will leave the workshop with practical activity ideas and discussion starter points to start using with your family.
